Phlebotomy Technician 1 Course (CPT1)

ACCET Accredited California State Approved CDPH-LFS State Approved

Program Clock Hours

20 Basic Didactic
20 Advanced Didactic
80 Practical Training
Total Clock Hours: 120

Goals and Purpose

This is a **COURSE** intended for A-vocational purpose only. Upon successful completion of this course, the student will receive a certificate of completion from Contra Costa Medical Career College. Participants qualify for certification by examination for Phlebotomy Technician 1 offered by the National Healthcareer Association's (NHA) Certified Phlebotomy Technician Examination. After successful completion of the NHA examination, students will be eligible to apply to the DHS-LFS for California State Certification. Ca. state applicants must be 18 years of age, have no felony convictions on their record, and have passed an approved certification exam. This program is designed to help students meet all the criteria set forth by the state of California. CCMCC will provide, through didactic and clinical instruction, training in venipuncture. Pre-requisites for this course are documentation of healthcare industry experience and understanding that this course is avocational in nature and intended for the purpose of continuing education and career advancement.

Outcomes and Objectives

At the end of the program the student will be able to:

- Explain the basic anatomy and physiology of the circulatory system.
- Define "standard precautions" and apply these principles to all procedures.
- Practice the use of medical terminology relating to the circulatory system.
- List methods of client and specimen identification.
- Describe proper bedside manner.
- Prepare the client for venipuncture collection.

• Identify locations on the human body appropriate for venipuncture collection.

• List the different colors used to code blood specimens and what they stand for.

Outcomes and Objectives continued

syringe, butterfly, or vacuum method.

- Demonstrate how to dispense blood into tubes following syringe collection.
- Outline post-puncture care of the client.
- Perform skin punctures to obtain capillary blood specimens.
- Prepare blood specimens for the laboratory.
- List potential pre-analytical sources of specimen error.
- Explain the potential risks and complications of the venipuncture procedure.
- Describe the role of quality assurance in the practice of phlebotomy.
- Discuss the scope of practice of the Certified Phlebotomy Technician.
- Outline the process of applying for State certification.
- Complete 80 hours of practical training in a clinical setting.
- Perform a state-specific number of

venipuncture and capillary punctures in a clinical setting.

Practical Component

40 Practical training hours in a clinical setting are required by the state of California to be eligible to apply for CPT1 Certification. CCMCC provides 80 hours of practical training. In partnership with Contra Costa Community Outreach Clinic and Laboratory, 40 hours are completed concurrently with classroom (didactic) training, and 40 hours are completed after the successful completion of classroom (didactic) training. Practical training sites will be arranged by CCMCC and assignments will be given out no later than 45 days after the last day of the didactic training is completed, or from the date in which all required paperwork/documents have been received, whichever is later. Practical training hours after classroom (didactic) instruction, are most likely during the day

Instructional Methods

- Multimedia
- Demonstration and Hands-on Practice
- Small and Large Group Discussions
- Handouts
- 1-on-1 1 Instruction
- Instructor-led lectures

Course Fees

Total Fees, Charges, and Expenses

Total Amou	nt Paid to school	\$2,707.50
STRF fee		\$7.50
Tuition		\$2,500.00
Registration	Fee (non-refundable	e) \$200.00

Out-of-pocket expenses are approximate

Total out-of-pocket expenses	\$597.50
State application fee	\$100.00
NHA Certification Examination	\$135.00
American Heart Assn. BLS	\$85.00
Background check/Drug Screen	\$150.00
Uniform/Shoes	\$30.00
Textbook	\$97.50
(not paid to the institution)	

All students must be AHA BLS for the healthcare provider Certified prior to externship placement. BLS courses are offered at CCMCC.
