If you are detail-oriented, have great hand-eye coordination and focus, EKG Technician may be the perfect career for you. The EKG Technician Certificate at Contra Costa Medical Career College (CCMCC) gives students the hands-on experience and foundational knowledge needed to begin a career in cardiac care.

Total Program Length: 10 weeks (Morning, Afternoon, and Evening classes available)

Quarter Credit Hours: 7 hours

Total Clock Hours: 80 (Classroom: 60 | Lab: 20)

Graduates receive a Certificate of Completion, and are eligible to sit for the National Healthcareer Association (NHA) certification exam.

Program Overview

The EKG/ECG Technician course trains students in performing and interpreting electrocardiograms to help diagnose heart and cardiovascular conditions. It covers essential concepts like EKG basics, waveforms, rhythms, and lead patterns, as well as advanced topics such as 12-lead EKGs, axis interpretation, heart muscle damage, and pacemaker monitoring.

Career Highlights & Opportunity

As an EKG Technician, you'll perform tests that record the heart's electrical activity, interpret test results, help identify any abnormalities, and prepare reports for physicians. EKG/ECG Technicians work closely with cardiologists and play a critical role in patient care across hospitals, clinics, and diagnostic labs.

Accreditation & Approval

Contra Costa Medical Career College is accredited by the Accrediting Council for Continuing Education & Training (ACCET) - A Partnership for Quality®. ACCET is listed by the U.S. Department of Education as a nationally recognized accrediting agency. Our institution is also licensed by the Bureau for Private Postsecondary Education (BPPE). Licensed to operate means the institution is in compliance with the state standards as set forth in the California Private Postsecondary Education Act of 2009, Ed. Code §94897.
